

David Thomas

Resource Estimator

Professional Summary

Mr. Thomas has over 20 years' experience in the minerals industry from exploration to advanced stage exploration and feasibility stage projects. David has over 10 years' experience creating mineral resource models in operations and consulting roles. His operations experience includes 10 years working for Dundee Precious Metals and TVX Gold in eastern Europe (Serbia, Czech Republic, Bulgaria, and Greece). David's experience is in a variety of deposit types including gold-silver, copper-gold, copper-zinc, iron ore, nickel and lithium.

Representative Experience

- Rosemont, Hudbay Minerals, Arizona – Porphyry Cu-Mo-Ag project due diligence and Mineral Resource estimation.
- Schaft Creek, Copper Fox Metals, British Columbia – Mineral Resource estimate and NI 43-101 Technical Report for a porphyry copper-gold-moly deposit in Canada.
- Kitsault, Avanti Mining, British Columbia – Mineral Resource model and Feasibility Study NI 43-101 Technical Report for a porphyry molybdenum deposit in Canada.
- Gramalote, B2Gold, Colombia – Mineral Resource estimate review.
- El Limon, B2Gold, Nicaragua – Mineral Resource estimation and training for high-grade vein gold mines in Nicaragua.
- Moss, Northern Vertex Mining, Arizona – Mineral Resource estimate and NI 43-101 Technical Report for a high-grade vein gold deposit in northeast Arizona.
- Canariaco, Candente Copper, Perú -- Resource Estimate and NI 43-101 Technical Report for a porphyry copper-gold-silver deposit in northern Perú.
- Copper Canyon, Nova Gold Resources, British Columbia – Review of Mineral Resource estimate for a porphyry copper-gold deposit in Canada.
- Turnagain, Hard Creek Nickel, British Columbia – Audit of Mineral Resource model for a disseminated nickel project in Canada.
- Agua Rica, Northern Orion, Argentina – Due diligence review of Mineral Resource estimate and drill spacing study for a porphyry copper deposit.

Employment History

Mine Technical Services, Principal, 2019 to present
Red Eagle Mining, VP Exploration, 2017 to 2018
Gamut Exploration Inc., President, 2017 to present
DKT Geosolutions Inc., President, 2012 to present
AMEC, Principal Resource Geologist, 2005 to 2012
Dundee Precious Metals, Mine Exploration Manager, 199 to 2005
TVX Gold, Senior Project Geologist, 1995 to 1999

Education

B.Sc. (Hons) Geology, Durham University, England, 1993
M.Sc. Mineral Deposit Evaluation, Royal School of Mines, England, 1995
Certificate in Geostatistics, University of Alberta, Canada, 2011

Computer Skills

MineSight, Gemcom, Sage2001, S-GEMS, Geoaccess, Mapinfo

Professional Affiliations

Professional Geoscientist registered with APEGBC

Member of the Australasian Institute of Mining and Metallurgy
